**3,151 teachers, 904 parents and 102,899 children from 65 countries participated in the 2023 Takorama Festival.**

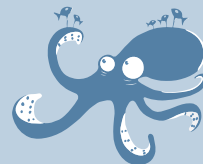

Participation remains mainly in France.

However, **65 countries** participated and we hope that the participation of these countries will increase in the coming years.

Note the important participation in Greece thanks to the partnership with **EKOME** which is also one of the sponsors of the festival. Brazil also benefited from the participation of a large number of children, thanks to the support and action of **Liana Vila Nova**, representative of the FPE association in Brazil.
